## APPLICATION

Re Wood is a unique collection of wood accessories with an eco-friendly twist. Ideal for Skincare and Makeup products:

- Cream • Gel Cream • Lotion • Oils • Serum & Booster
- Specific Treatment • Primer • BB & CC Cream
- Concealer • Highlighter • Liquid Blush • Liquid Foundation

## FEATURES

- Innovative and eco-friendly design
- **FSC certified wood**: the raw material comes from responsibly managed forests, respecting local communities and biodiversity.
- Matchable with several bottles of our catalog

## UNPACKING Y/OUR SUSTAINABILITY POTENTIAL

**Reduce**: the screwing design of the Re Wood collection has been improved to make it even more sustainable. The jar caps, the dropper rings and the pumps do not screw thanks to a plastic interior, instead **the threading is directly on the wood**, guaranteeing an excellent closure, resistant and durable. This means **less plastic and unnecessary glue on the planet**.

## EASILY SEPARATE THE COMPONENTS

Thanks to the innovative design it is possible to separate all the elements that make up the Re Wood accessories and easily dispose of each component by recycling it correctly.

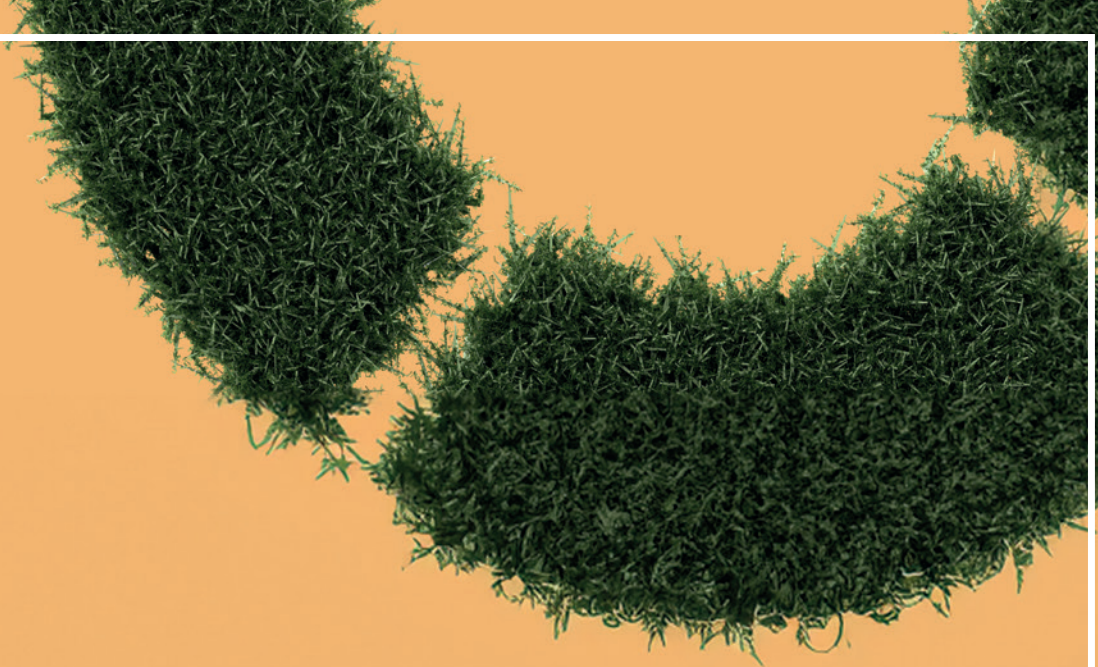

DISPOSE & RECYCLE  
CORRECTLY

## DECORATION

Get a new luxurious and fabulous look for your beauty product!

Re Wood accessories can be customized with different decorations: varnishing, metallization, screen printing, laser engraving, heat engraving.
