UNPACKING YOUR SUSTAINABILITY POTENTIAL

The combo Foamy + Sashi express one of the most heartfelt themes of our company, "Design Consciousness", the packaging development in total respect for the environment.

Reuse: Foamy + Sashi is the perfect packaging combo to refill skincare products, so that you can reuse your packaging and reduce the waste. Foamy can be refilled with Sashi flexible packaging in a few easy steps!

Reduce: Foamy 200 ml is available in **BIOBASED HDPE**, a plastic obtained from renewable sources. With Sashi you can also reduce overall storage volume and transportation costs, as they are extremely lightweight and compact and you can pack many Sashi in a box without adding extra weight.

Recycle: Foamy components can be easily separated and differentiated by material, while Sashi is a mono-material packaging in PE, so completely recyclable. Respect the environment!
