OPTIMIZATION
lightweight product

Reusable & Refillable: Heko refill bottles for fragrance have been designed with sustainability in mind so that the glass bottle can be reused up to 25 times. Customers can reuse the glass packaging and refill it, thanks to the innovative mechanism designed by Berlin Packaging | Premi Industries.

Lightweight product: Heko Refill bottles are lightweight compared to similar glass bottles of our catalogue. They were designed with an attention to reduce the raw material, so the glass thickness.
