PACKAGING

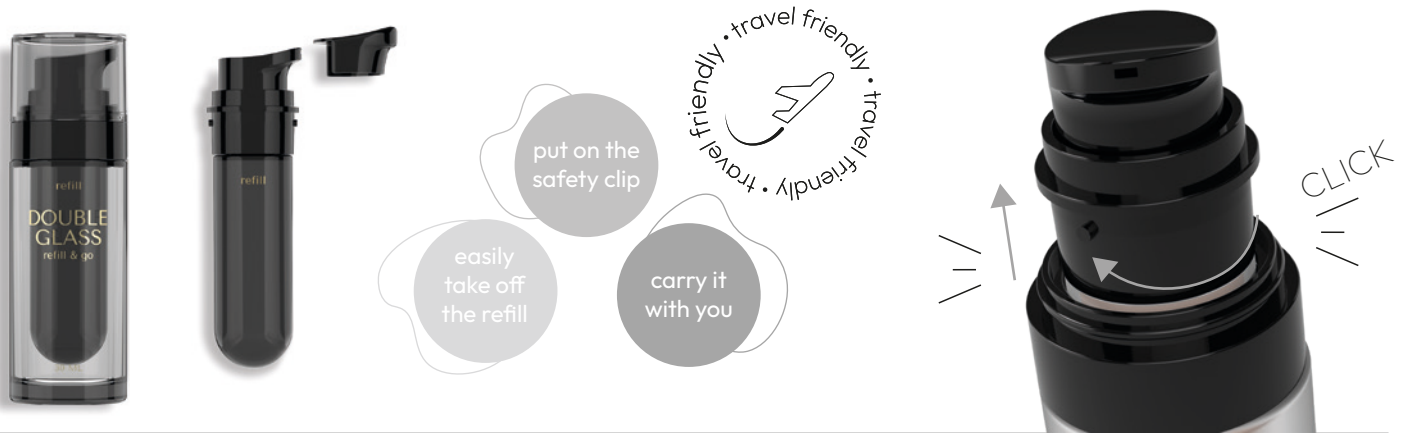

DOUBLE GLASS refill & go

For the **extra-premium** packaging segment, Berlin Packaging Beauty offers the sophisticated look of the Double Glass Refill & Go collection. Available in two sizes 15 and 30 ml, it is the perfect mix of elegance and sophistication thanks to its attractive design: a glass refill bottle seemingly suspended inside a larger glass bottle that protects it from the outside while showcasing and enhancing the textures of the beauty formulas.

THE PERFECT TRAVEL PACK

Double Glass Refill & Go is the perfect packaging for travelling, as you can carry only the refill bottles with their pumps and safety clips, thus gaining a space and weight advantage.

UNPACKING Y/OUR SUSTAINABILITY POTENTIAL

Reusable & Refillable: Double Glass Refill & Go allows the outer glass bottle to be reused. Customers can reuse the glass packaging and refill it with only one gesture, thanks to the innovative mechanism designed by Berlin Packaging Beauty.

Separable components: Double Glass Refill & Go has another sustainable feature: its components can be easily separated and disposed of in separate collection streams.
